General Cabell:

Reported that Brig. Gen. Daniel E. Hooks of the Air Force had again approached us with the request that he be allowed to go ahead and negotiate for about six acres of land at the Langley site for the purpose of constructing a building to house about 250 people connected with AFOIN. General Cabell said that he had asked Gen. Hooks to hold off for another two months and until such time as we have title to the land. In any event, Gen. Cabell said he had made it clear to Hooks that CIA could play no part in this matter since we are more or less on record of promising not to assist other governmental agencies in moving out of Washington.

Mr. Lloyd:

Noted that Hart Perry of the Bureau of the Budget is assuming additional responsibilities and in view of this it will be necessary that another representative of Budget be cleared to work on CIA budgetary matters. The Director approved provided the individual selected is cleared by Colonel Edwards.
